## A Word From Our Artistic Managing Director...

Welcome to our final production of Season 35, *Mamma Mia!* The jukebox musical was written by British playwright Catherine Johnson, based on the songs of ABBA composed by Benny Andersson and Björn Ulvaeus, former members of the band. The title of the musical is taken from the group's 1975 chart-topper *Mamma Mia!*

This lively musical is based on the songs of ABBA, the Swedish pop group active from 1972 to 1982. ABBA is one of the most popular international pop groups of all time, topping the charts again and again in Europe, North and South America and Australia.

Over 65 million people have seen the show, which has grossed \$4 billion worldwide since its debut. A film adaptation starring Meryl Streep, Colin Firth, Pierce Brosnan, Amanda Seyfried, Christine Baranski, Stellan Skarsgård and Julie Walters was released in July 2008 and was followed by a sequel film in 2018.

As of 2020, the show has productions in London's West End, where it is the seventh longest-running show in West End history, as well as various international productions. Its Broadway incarnation opened in 2001 and closed in 2015, after its 14-year run, making it the ninth longest-running show in Broadway history.

So I invite you to escape with us to a small Greek island, for this enchanting tale of love, laughter and friendship.

Enjoy the show!
